Story Rebekah Barnes

CINDERELLA, MORE THAN A FAIRY TALE, A COMMERCIAL REALITY

Driven by the belief that consumers should have access to fast-working, non-toxic cleaning products that smell more like luxury-perfumed skincare products than traditional home-cleaning products, 29-year-old marketer Bex Gold has developed an innovative product range called Cinderella.

Filling a niche in the present market, Cinderella offers a combination of fun, fragrance and performance in designer packaging, featuring the images pictured. The range includes Kickin' Multipurpose Cleaner, Slap & Tickle Shower Spray, Vodka Window Cleaner, OUT Laundry Liquid, Floored Floor Cleaner and Was'sup Washing-up Liquid in delicious fragrances like peppermint, passionfruit, coconut and pineapple. Cinderella is available at Coles supermarkets. For more information visit the website at www.cinderella.com.au
