kitchen couture for the domestic goddess

Little girls love making a big mess!

Smittenista's know that little girls want to be just like their mothers...stylish, sassy and chic, so we've created a range of matching mums and daughters aprons so adorable, they'll break daddy's heart!

Introducing new Smitten Little Miss Priss and Matching Mama Aprons! Made with the same fine fabrics as our current best seller Smitten Signature Aprons, they make the perfect Mothers Day gift for stylish mums and their dainty daughters!

Smitten Little Miss Priss Aprons... The delightful mini-me version of our best selling Smitten Signature Aprons, tailored to fit four to ten year-old blossoming domestic goddesses! Featuring a gorgeous tear-drop shaped design for maximum cupcake splatter protection, a handy pocket and our fanciful lace and sequin detailing; your little miss will be more than Smitten!

Smitten Signature Matching Mama Aprons... Far from what your Nanna wore, but styled with all the glamour of the 1950's, Smitten aprons are saucy little numbers set to keep the sauce in the pan and off your new frock! Constructed with a slimming netted girdle to flatter one's curves, our "kitsch-en corset technology" will bring the heat back into every kitchen! Our matching Smitts (ultra convenient two-handed oven mitts that are designed not to be hidden away in drawers, but displayed with pride) ensure the ensemble is complete!

Smitten Little Miss Priss and Matching Mama Aprons are available in our bestselling Playful Pink Gingham, Rosy Red and White Polka Dot and Pretty Pink and Black Floral fabrics. All Smitten products are 100% machine washable and 100% Australian Made.

Smitten is... happy times at home with good friends, great wine and full tummies all round. Smitten is a charmed life indeed!
